An International Society
for Fish Biology

EDITED BY M.J. KAISER

THE FISHERIES SOCIETY OF THE BRITISH ISLES

FOUNDER PRESIDENT: Dr J. W. Jones O. B. E

FOUNDER VICE-PRESIDENT: Mr P. Tombleson

The Fisheries Society of the British Isles was inaugurated in October 1967 to promote a liaison between workers in the field of fish biology. The specific aims of the Society are

1. To encourage, promote and support all branches of fish biology and fishery sciences
2. To promote the conservation, development and proper utilization of fisheries
3. To disseminate regularly technical and other information on all aspects of fish biology and fishery research and management
4. To hold meetings for the presentation and discussion of information on all aspects of fish biology and fishery research and management
5. To pursue such aims and objects by any other means as may seem desirable

The membership is open to any person interested in any aspect of fish biology.

Officers of the Society 2020

PRESIDENT: Professor G. R. Carvalho

VICE-PRESIDENT: Professor C. Adams

HONORARY SECRETARY: Dr I. J. Winfield

HONORARY TREASURER: Dr J. R. Britton

EDITOR-IN-CHIEF OF THE JOURNAL: Professor M. J. Kaiser

For further information please write to Fisheries Society of the British Isles, c/o Charity & Social Enterprise Unit, Brabners, Horton House, Exchange Flags, Liverpool, L2 3YL, England.
